## DIRECTOR'S MESSAGE

**Walter Raymond**

I want to express my congratulations to all Staters. I know this weeks busy activities will be just a beginning of successful events in your life.

I hope each and every one of you have benefited from Boys' State as much as we have benefited from your presence.

Many thanks to the Counselors, Advisors and everyone that helped make the 1983 Boys' State session a successful one.

Also many thanks to the University of Kansas and the Lawrence American Legion Post #14.

My sincere best wishes go to you all.

## BOYS' STATE HISTORY

Kansas was one of the first to utilize this fine "learning-by-doing" government program. Since 1937 a total of over 29,000 Kansas high school juniors have participated in this program. This program is administered in Kansas by the Executive Committee of the Department of Kansas American Legion. The program has been conducted on the campus of the University of Kansas since 1963.

Each boy is sponsored by an American Legion Post or by other patriotic, civic, fraternal or religious organization. Delegates become acquainted with the rights and privileges of citizenship. Upon arrival, each boy is assigned to a mythical political party and to a city and county. They become candidates for city, county and state offices, conduct their campaigns and elections according to the laws of the state. Legislative, administrative and judicial programs are developed. State legislative sessions, court trials, law and police schools, evening assemblies, band, chorus and other activities offer each boy the opportunity to participate.

Two fortunate Staters are chosen each year for participation in the Boys' Nation Program offered later in the summer by the American Legion and held in Washington, D.C. On this expense paid trip the Boys' Nation delegates meet with and are the guests of the Kansas delegation of U.S. Senators and Representatives.
